This time i want it all not a portion
It's 4:10 i'm on the 4:10

It's 4:10 i'm on the 4:10
Me and my dawg just made a fortune
This time i want it all not a portion
It's 4:10 i'm on the 5

Welcome to the region of peel
It's getting scary
I been on road for the cheese
I love dairy

I been screaming fuck the opps
I know they hear me
I been grippin on my steel
Fuck if they fear me

Don't die playing superman
You ain't clark kent
Motherfuckers thought i died
But i ain't start yet

Where i'm from it's no face no case
You can get your top lit up
Like you sitting in a wraith
I'm nasty

Got hits like that
Homie from degrassi
My homies in the front with
Two b*tches in the backseat

Paparazzi harass me
Shit getting flashy
All my homies down to ride

Just like a taxi

Malton da munda brampton ch gunda
On the 4:10 gaddiya de vich hunda
Bumping 2pac gallan lokaan di na suna
I don't listen to you peasants man
I do what i wanna

Jatt kaim aa sadda time aa
Vairi rehnda sathon dekh seham seham aa
Oh dekh aukha saddi gallan nu hai sehna
Oh faida chak bhajje naam ni main lena

Look at me now hunn oh dekh
Sippin champagne like i know drake
Tension ni lende par krde aa chill
