Kannil theevidhai
Panjaai erigirenae

Un kaal thadam paarthae
Nee engiren
Un vaasam dhisai katta
Udan pogiren

Evan unnai paarthaalum
Uyir verkkiren
Avanai nee paarkkadha
Varam ketkkiren

Saagaamal naan sagirenn

Ava paarva usira kudikkudhe
Ada thaniye nadakka pudikkuthe
Alavilla kirukku pudikkuthe
Anugundaa idhayam vedikkuthe

Adangaama vayasu thudikudhe
Arakoraiyaa meesai mulaikkudhe
Ada mazhaiyum mella adikkudhe
Asal azhagu enna mudikkudhe

Nee anindha aadai iravu vaanam
Un mugam umadhanil nilavu kolam
Nee sirkkum neram enakkul naanam
Un ninaivu kodhikka thavippil naanum

En kangal unai paarkka
Dhinam yengudhe
Un paarvai enai thakka
