

Chupake se kahee dhime panv se, jane kis taraf kis ghadee
Aage badh gaye hamase raaho me, par tum toh abhee the yahee
Kuchh bhee naa suna, kab kaa tha gila, kaise keh diya alvida

Jinake darmiya gujaree thee abhee, kal tak yeh merree jindagee
Dono baaho ko thandee chanv ko, ham bhee kar chale alvida
Alvida alvida merree raahе alvida, merree sansein kehati hai alvida
Alvida alvida abb kehana aur kya, jab tune keh diya alvida

Sunle bekhobar, yu aankhe pher kar aaj tu chalee ja
Dhundegee najar hamako hee magar har jagah
Aisee raato me leke karvate, yad hame karana
Aur phir har kar kehana kyun magar, keh diya alvida alvida
Koeе puchhe toh jara, kya socha aur kaha alvida
Alvida alvida abb kehana aur kya, jab tune keh diya alvida

Ruthe dil chale, phir bhee dil kahe

Kash mere sang aaj hote tum agar, hotee har dagar gulsita
Tumase hai khafa, ham naraj hai, dil hai pareshan
Socha naa suna tune kyun bhala keh diya alvida alvida
Koeе puchhe toh jara, kya socha aur kaha alvida
Alvida alvida abb kehana aur kya, jab tune keh diya alvida

Kyun socha aur kahan alvida
Dono baahon ko thandee chanv ko, ham bhee kar chale alvida.
