

Riddle my body  
With bullets of guilt  
D'you feel better  
Now better now  
I'm shot through with  
Holes that can  
Never be filled  
Does it matter how  
Matter how i feel  
The pain is real  
Will i heal  
I reside like a  
Horn in your pride

Shatter my world  
With a round of deceit  
Are you satisfied satisfied  
Hit me again till  
I kiss my feet  
Do you see that i  
See that i am torn  
Flesh down to bone  
Right through my soul  
There's no disguising  
My fall in your eyes

Scattershot of lies  
I'm broken and paralysed  
Now my body's lying in  
State don't miss the wake  
I'm stranded by the wayside  
Another victim of a drive by  
Into the earth i dissipate

Bulletproof bulletproof  
If i drink from the  
Cup of truth it'll save me  
Bulletproof bulletproof  
I know the thing that  
You do that you

lyrics

Do's to erase me  
Bulletproof bulletproof  
I drink from the cup  
Of truth to save me  
Bulletproof bulletproof

From the thing that  
You do that you  
Do to erase me.
