

# Casanova Song Lyrics

---

I was a casanova haan  
A casanova haan  
A casanova

Change my feelings all the time  
So girl you better still my mind  
Yea i ain't gonna waste more time  
Cos these girls they want me  
All the time now heyyy

All the time now  
Yeah i'm making that money babyy  
This thing is so funny babyy  
That i want you latelyy  
But you just like to put me on the side  
I put you on ma mind on rewind  
I really wanna spend some time girl  
But i really don't know if its right

I want you by my side to side we running low  
So this is baby how it goes  
You want me baby i want you more  
Now this is who i am

But i was a casanova casanova  
Before i saw you girl  
I was a casanova casanova  
I think you'll change my world  
I was a casanova casanova  
I was a casanova casanova  
I was a casanova casanova  
Casanova casanova casanova

Change my feelings all the time  
All the time  
Cos these girls they want me  
All the time now heyyy

Yeah i see you n me adoring babyy  
Can you hear the world calling babyy  
Bharatlyrics.com  
Yeah i got you baby  
I'll always be there by your side for life  
I put you on my mind on rewind  
I really wanna spend some time girl  
But i really don't know if its right  
I want you by my side to side we running low  
So this is baby how it goes  
You want me baby  
I want you more  
Now this is who i am

But i was a casanova casanova  
Before i saw you girl  
I was a casanova casanova  
I think you'll change my world  
I was a casanova casanova  
I was a casanova casanova  
I was a casanova casanova  
I was a casanova.
