

Chota Bacha 2.0 Lyrics

I can show you what i got
I got power
You could tell me nothing
The time is ours
I got everything i wanted, i'm happy
I can tell you wanna, try and get at me

This is nasty, it's so insane
I'm wired in my head
I got sick sick brain
I'm rolling with my crew
Drinking thick milkshake
Now going against me was a big mistake

Chhota bacha jaan ke
Na koi aankh dikhana rey
Dubi dubi dab dab
Dubi dubi dab dab

Akal ka kaccha samajh ke
Humko na samjhana rey
Dubi dubi dab dab
That's my best friend
Dubi dubi dab dab
This is a new trend

Bholi surat jan ke
Humse na takrana rey

lyrics

I see the prodigy genius in the cereal bowl
They proud of me, i probably already know
Tiny hands building kingdoms on the living room floor
Turn a block to a bridge and they ask for more

Read faces fast and they clock every tone
Know it when you're faking a smile not in your zone
Call it playtime, call it mind design
Future on their finger tips every single time

Uske baad hua kya yeh bhi
Toh batlana re
Na dhin dhin na
That's my best friend
Na dhin dhin na
This is a new trend
Na dhin dhin na na dhin dhin na
Nach nacha denge

Dubi dubi dab dab
Dubi dubi dab dab
Dubi dubi dab dab
