

I love you like a never ending ream
Look into my eyes..
Tell me what u see read
My heart lets party upto night
Come on come on lets stir it
Up and feel the beats in our hearts..
Come on come on lets blurr it
Up and say it to the songs tonight.
Move your body through the night
Put your hands up for this song
Dance around and
Rock this floor tonight
Get your body move

BHARAT
lyrics

Yo i love watching
You i love seeing you
I love dreaming you
Yo im in love with
You at first sight
U hugh oh yeah!!

Tell me baby once
More baby once more
My heart skips a beat
When i see u girl
My life aint the same
Give me love my sunshine
Cant u see my soul in love
Searching for u in my dreams
Waiting for u all my life
Dont u ever say goodbye

If u do u will see me
Cry dont u ever break my heart
I never want us to part
I can never let u go all because
I just love u so
Till the end of time
Move your body
Through this night put
Your hands up for
This song and
Dance around rock
The floor till night
Dakkanaga dugu dugu
Dakkanga dugu
Dugu dakkanga dugu
Dugu dugu dugu dugu
Dakkanaga dugu dugu
Dakkanga dugu
Dugu dakkanga dugu
Dugu dugu dugu dugu
U can see right through
My eyes u can see
Whats in my heart
Love u when u hold me in
Your arms all through the night
Counting stars in the
Sky dream of u all night

I will love u forever
Make my tears
Go away make me
Happy everyday
Move ur body through
This night put
Your hands up for
This song dance
Around rock the
Floor till night
Dakkanaga dugu dugu
Dakkanga dugu dugu
