

Boys and girls
It's showtime
Know what i'm sayin
Everybody raise your hands
There's about to be a party

Riding the big bike and
Shaping with pen knife and
Shaking the high five and
Attitude

Girls of the institute
69 latitude
Instead of gratitude
Attitude

So what
Bubblegum poppings ah
Hip hip hoppings ah
Bangkok shoppings ah
La di dah di dah dah
Pink pink frockings ah
Tight tight stockings ah
Heart is rockings ah
Dancing samba

BHARAT
lyrics

Dheaon dheaon dheaon
Dheaon dheaon dheaon
Ha ha that's right
Dheaon dheaon dheaon
Dheaon dheaon dheaon dheaon

Ladies look at us and ask who is that hottie
Machas with attitude movin' the party
Chillin with homies, we keepin' it fly
And sippin' everything that's getting' us high
Bump into women who prancing
I aint' sure, but i guess they're dancing
And the only question running in my mind is
Do you wanna make fraaandship?
Life is a kettle without no friends

That's empty, rusted, old with dents
Uh possessive with feelings intense
Forever, irrespective of the expense
Uh together, we partners in crime
Uh better and perfected with time

The only question running in my mind is,
Do you wanna make fraaandship?
Five star coffee bar
Chal na yaar shanivaar
Liking the late-night outings
That's right very far to the bar
Ek baar in the car
We will do cootchie coo make-outings
Don't be naughty
With a roar
Through the door
Teri ore teri ore
Hungry tiger is walking
Gimme more
Mon amour
Dil ka chor
Banaa mor
Suddenly feelings are talking
Liking the lip lockings
Pressure like in hawkins
Punch in the eye sockings
Attitude attitude

Ha ha funny jokings
Looking so hot smoking
Naughty eye stroking
Attitude
Faking the gucci ah
Hep like sushi ah
Shakin' the tooshie ah
La di dah di dah dah
Gum gum gapoochie ah
Cooing the cootchie ah
We will do the smoochie ah

Machas with attitude in the house
Moving the crowds, the story's about
The dancing and the party
Shake your hips and move your body
But, people, they know that
I'm back with the rap
And handicaps i'm making 'em clap
Homie you know that i meant it
So, do you wanna make fraaandship?
Feeling so trippy i'm feelin' so fly
And i'm so high i kick the sky
