

Tujhse rabb me banaya ho..

Hey girl, when i first met you
I thought it was special, i told you that
Hey girl, up at two lover's point
When i kissed you i meant it, oh yeah..
I wanna go back
I wanna go back
I wanna go back wo oohh..

It was nice to, nice to know ya, let's do it again
How we did it in a one night stand
Girl i wanna be more than a friend to ya

Mere paas hai tu
Rooh ki pyaas hai tu
Tujhe rabb ne banaya
Koi wajah hai zaroor
I wanna go back
I wanna go back
I wanna go back wo oohh..

It was nice to, nice to know ya, let's do it again
How we did it in a one night stand
Girl i wanna be more than a friend, i need it

It was nice to, nice to know ya, let's do it again

How we did it in a one night stand
Girl i wanna be more than a friend to ya

Jo dikhaya tujhe
Kar dikhaya use
Tujhe rabb ne banaya
Koi wajah hai zaroor

Any time of the night
Any time of the day
Tere aas paas har lamhein
Ain't playing around i mean what i say
Apne dil ki baat maan

It was nice to, nice to know ya, let's do it again
How we did it in a one night stand
Girl i wanna be more than a friend to ya

It was nice to, nice to know ya, let's do it again
How we did it in a one night stand
Girl i wanna be more than a friend to ya

Wo oohh..one night stand
I wanna be more with you.
