

Don't worry about me, i'll be fine  
I'll make my bed and take my pills on time  
And when i see somebody on the street  
I make sure i say hello, i say hello  
Don't worry about me, i'll be good  
And i'll do all the things  
You said that i should  
And when i see somebody on the street  
I make sure that i smile  
Though i can't stand them  
They'll never know  
They'll never see  
They'll never get through to me,  
Get through to me, get through to me  
They'll never know  
They'll never see  
They'll never get through to me,  
Get through to me, get through to me

Don't worry about me, i'll be ok  
I'll be the quiet one  
When there's nothing to say  
Just sitting by himself in  
The corner singing this song  
Thinking of you  
Don't worry about me, i'll be alright  
It's just that haven't slept for 64 nights  
Coz sleep won't come without  
Your arms wrapped around my soul  
They'll never know  
They'll never see  
They'll never get through to me,  
Get through to me, get through to me  
They'll never know  
They'll never see  
They'll never get through to me,  
Get through to me, get through to me

It's not that i got something to hide  
It's just that, just that i got nothing inside

It feels like, feels like  
Bulb in my ceiling went out  
And i'm stuck in dark without you

No, i know i said that i won't even cry  
But, but you gone so i see don't why  
I shouldn't be spending  
Every single day curled up on my floor  
Thats my soul  
Yeah i know there'll be  
Times when we'll meet  
Bharatlyrics.com  
Get a cup of tea or maybe  
Pass on the streets  
And everytime you look into  
My eyes you'll se i'm living this life  
Just fakin it  
They'll never know  
They'll never see  
They'll never get through to me,  
Get through to me, get through to me  
They'll never know  
They'll never see  
Coz you are the only one,  
Only one who ever knew me.
