

Dr cabbie, dr cabbie hurry up!
I'm at home, i'm at home
It's an emergency
Dr. Steve burning up
And i'm all alone
And you're the remedy

Temperature is rising and i just can't stand it
Time is running out for you to set me free!

Dr cabbie, dr cabbie
Can you fix me, fix me up right now
Pick me up right now
Dr cabbie, dr cabbie
Can you fix me, fix me up right now
Pick me up right now

Girl you're my desire
The fire is burnin' higher
You body is calling me
You body is calling me
Girl i can't take no more
Girl i can't wait no more
I'm yours, i'm yours

Dr cabbie can you pick up your phone
I think it's serious
Too much of your love and now i'm overdose
I'm so delirious

Temperature is rising and i just can't stand it
Time is running out for you to set me free!

Rescue me from all this pain
My heart is broken and i need
