

Tune mere jaana  
Kabhi nahi jaana  
Ishq mera dard mera

Bewajah tere hothon ko main chhuta  
Par ab unme mera naam nahi  
Sath tera chhuta  
Yahan tasveere hain teri  
Inka kya main karoon  
Lagta bura sapna hai koi  
Fir kyun uthne se mai daroon

Intazaar kiska karun  
Intafaaq isko kahoon  
Istamaal dil ka karron  
Is diwaar se mai laddoon  
Intakaam le raha hai waqt  
Meri kisi bhool ka  
Ya pyaar humara khwabon meh bana hua tha dhul ka

Bahar baarish aur andar netflix tere sath  
Popcorn aadhe jale , phirse wahin baat  
Abhi din tha kuch waqt pehle hone lagi raat  
Phir ek nayi horror film  
Tu na chhode mera hath

Par ab is apartment meh baitha hoon mai akele hoon  
Yaad aate toh pal jab hum baithe hote vele kyun  
Kuch bhi kare bahar hoti baarish  
Dono ke ankhon meh hoti sirf pyaar ki guzarish

Par agar tujhko du mai dosh to mera bhi toh dosh  
Agar maine khoya pyaar tune khoya hai ek dost  
Dono ki hai ankhein khuli  
Aur pura hai hosh  
Par ab dono yahan se gayab  
Jaise dono ghost

Duniya ki parva nai mujhe  
Dil me basna nai mujhe  
Khudpe hasna ni mujhe

Pyaar meh fasna nai mujhe

Diye jo jale the yahan pe saare bujhe  
Mai chahta hoon woh pure dil se kare pyaar yahin tujhe

Aashiq tera...

Kaash in assuon ko paani meh badaldun  
Jo na mai de paaya ab tujhko main kal doon  
Aadha mai jala phir bhi  
Aag pe main chal doon  
Chhoti si zindagi ke mai saare tujhko pal doon

jaanta hoon der ho chuki hai  
Mai woh insaan hi nahi jiske liye tu ruki hai  
Bhulane ki ab hai koshish  
Can't control these forces  
Kahani ye adhoori  
Aur ankhein bhi jhuki

Kuch gaane jo apne the  
Unki feel bhi khatam  
Galti se chal gaye kahin pe  
Toh khol dete ye zakhm  
Ab tujhko bhuladene ki aakhir  
Kya hai rakam  
Jitna zyada pyaar mile  
Jaane kyun lage kam

Aaj dekhi teri tasveere  
Maine uske sath  
Jaane kyun yaad mujhko humari pehli mulaakat  
Muskaan tere chehre pe  
Haan ekdin vaisi  
Yaa thodi zyada badi  
Aur teri ankhon thi wahi baat

And i feel so lonely

Im lost in this storm i'm just looking for some land  
Move on and forget you

But that was never the plan  
All the doors are locked since the day you left my hand  
Bharatlyrics.com  
If your voice is the last thing  
I hear i'll die a happy man

I really want you to be my only love  
But i know that lonely journey is gona be really rough  
But what do you except when i know you were the one  
So my heart stays still no matter wherever i run

Remember your body from your head to your toe  
Remember your love from your heart to your soul  
Remember you walking up and down on that floor  
But remember i remember  
That you don't want this anymore

Usko khone ka dard  
Ab dil ne chhupa liya  
Saansein lena chahta phir bhi  
Ab duba liya khudko  
Iss gaane se meh bolra ki lost mat ho  
Sach hai i didn't lose my girl  
I lost my bro.
