

Another week ends since you been gone  
It doesn't feel like its been that long  
But I guess it get better everyday  
Yeah yeah!

My head is heavy my mind is numb  
I found myself in a stranger's arms cause  
I just want to make it fade away  
Bharatlyrics.com  
Yeah yeah!

My heart is a broken machine  
Need you to come set me free  
Keep on playing the music baby  
Keep on playing the music baby
