

# Fire Song Lyrics

---

Bury all your lies  
Down beneath the sky  
Let it rot alive

Hidden and disguised  
Tear it out  
Let it bleed down from the sky

Far beyond the lines  
Confession is the crime

See the demon burn you alive  
Your sins are purified  
See the demon burn you alive  
Your sins are purified

Free your shadow

Free your sins below the skin

Bury all your lies  
Down beneath the sky  
Let it rot alive

Hidden and disguised  
Tear it out  
Let it bleed the sky

I am.. Fire.. Fire..

See the demon burn you alive  
Your sins are purified  
You are the demon burn their demon  
And you are crucified

You are the demon burn alive  
And you are crucified  
You are the demon burn alive  
And you are purified

BHARAT

I am.. Fire...  
Burning desire

You are the demon burned alive  
And you are crucified  
You are the demon burned alive  
And you are purified

You are the demon burned alive  
And you are crucified

Burn their demon burned alive  
Your sins are purified  
You are the demon burned alive  
And you are crucified

Burn their demon inside  
And your are purified  
You are the demon burned alive  
Your sins are purified

Burn their demon burned alive  
Your sins are purified  
You are the demon burned alive  
And you are crucified

Burn their demon inside  
And your are purified.
