Internet beef par darte hai waise  
Dikhate gareebi, par ghar pe hai paise  
Chashme bhi nakli, ye padte hai kaise  
Ye ladki ke baal, ye ladke hai kaise?  
Karun khatam agar shuru kiya mamla  
Gora rang par man mera saanwla  
Jeeb meri kaali, manmani kari maine beat pe,  
Ab sikh le tu mera na mukabla  
Jagra mere andar wala haiwaan  
Tere liye paigaam hai ye rare kaam  
Straight outta hell, straight outta hell  
Par shaitan bole mujhe pata nahi ye hai kaun?  
Kya mila ise sir pe chadha ke?  
Mehange kharche toh bhar ke dikha de  
Karna kill tujhe, jhat se sikha de  
English mein rap kar ke dikha de

Feel like i'm the only they never outlasted  
Murderous in the booth, i ooze a new passion  
I run with up a crew, let loose produce action  
They in it for the views, these dudes is just acting  
Back to back, i be killing these emcees.  
I'm in it for benjis like criminal mp's,  
My sinister pen leaks they jelly with envy  
I really can end beef then burry em 10 feet  
Rapping in english but making no sense?  
I guess you the kid, that was making no friends  
All you gon' do is just play and pretend  
Now bow down to me biatch, you gon' pray and repent  
Always talking shit, wanna flexwow  
I be getting dms from your exwow

Hitting 3rd base like the metstwow  
Game time you don't want to testwow  
Somebody tell me man who is this clown?  
Who claim he's the only one doing it right now?  
Biting the hand that put food in your mouth  
You look like a bitch your hair suiting yours blouse

Me and brosha v were the only emcees that was spitting in english and still got signed

You don't wanna test these cocaine bars, boy i'm still so hard when i spill those lines

Tell me motherfucker do you steal those rhymes, you're too be like eminem  
Now see my pad and pen, gon' reveal you lies and if you wanna fight you gon' need your guys

When i'm in the zone we getting action packed  
Now you all about the money where the stacks is at  
Your accent is pretty shitty, i'm witty on every track  
My city not showing pittty, new delhi we really back

You tryna go super sonic? I'm bussing a rouger on it  
I move with a group of hornets. We toking the buddha chronic  
Just hoping ya true and honest, i'm never than shooting comets  
A lion presuing knowledge. While eyeing my true opponents  
Pucho kitna kama re, banre jo saare shaane kar na paate bin humane  
Khole darwazein jub har ek kinare lage the taale, chapete maare bathere  
Tere lage jaare, napoleon bonaparte jaise bone  
Saale itne bhole bhaale nahi ho wonahi ho wo  
Asli bole jaare par nahi hai wonahi ho wo  
Street wo dikhare par nahi hai wonahi ho wo  
Ab pooch mere baare bole sai hai wosahi ho wo  
Log chare laana krsna purana mujhe shaunk nahi top 10 liston mein aana  
Tere gaano se intresrt kishton mein zyaada,  
Mera rishton me papa tera diss toh bana do mera, jao  
Isko dilaade thoda bhad disg toh kholado isse kuch toh pilado  
Jaake stitch toh kara do iske ghao  
Iska wish toh dila do ise russ se mila do phir disco ke gaane pe  
machaomachayenge  
Aaj kal sab kaare jaake represent  
Par likhai hai mazak teri where's the pen?  
English ho ya hindi maine done kare blend

In chutiyon se pehle main na follow karun trendnaa  
Copy eminem par teri aukaat nahinaa  
Ladka tu asli mein bahut hard nahinaa  
Ek baat karta main sau baat nahi  
Catch karo meri wave jaise chowpaatiayy  
Ab toh leke teri chaadar odhenge  
Tere ghore dail par kabhi na kabhi daudenge  
Kaun hai ye? Soche tere fan par mujhe na farak pade  
Kyunki kabhi tere jaise mere level pe na bolenge  
Ye toh shuruwat teri kholenge  
Natak wale gaane banare lage jo boring hai  
Aab toh meri baari kalamkaari toh khatam karoon main pari jaise bumrah ki  
bowling hai  
Jo bhi hai chorenge tera saathsaath  
Itihasik na honge kabhi teri ye barsbars  
Meri raftaar ab lagegi tujhe fast, toh fulegi teri saans  
Aur khulenge tere raaz  
Aur ye hai shuruwat  
Thats how you represent india
