So take me way on a getaway  
Loving every move in a hard way  
I'm in love everything you do  
So take me way on a getaway

Laija tu naal naal  
Dil laija soniye ve tere naal  
Fadd ke baahan ch jaana tere naal  
Tere bina hoya mera bura haal

She bad she bad she bad with it  
I'm loving your as get your gang with it  
Still loving as right you around with it  
Why standing in the corner easy down with it

Aaj tere soniya ve chalne ni laare  
Tainu rakhla luka ke jive din vich taare  
So baby let down niggas girl  
You're ba bad ain't going anyone to

Tere naal vasdi aa jaan  
Jaane ja jaan  
Laiyaan kyu deriyan jaan

So take me way on a getaway  
Loving every move in a hard way

Dil laija sohniye ve tere naal  
Fadd ke baahan ch jaana tere naal  
Tere bina hoya mera bura haal

So tell me if you like that

Right to lil mummy in a sheets wanna  
Flak back g 6 living lot  
J you know i'm rec bag  
Every day is the same don't fight that

Oh mainu maar sutyaa ni  
Teri yaad mutiyare  
Raatan kaliyan main kattiyan

Oh mainu cherde ne saare

Dil laija sohniye ve tere naal  
Fadd ke baahan ch jaana tere naal  
Tere bina hoya mera bura haal

Let's get a flight on in a rush  
London to dubai in emirats  
Replace as you lie meri jaan  
I got up what you need

Girl your leave your things  
Gotta right now  
You leaving right now

You know as im gotta leaving right now  
We overseas in that  
West and east want that  
Show you the place is that  
You never seen girl

I know you been locked down  
I by myself set you free  
If you going around  
The world i wanna make you my queen

I'll take the way on a getaway  
Loving every move in a hard way  
I'm in love everything you do  
So take me way on a getaway

Laija tu naal naal  
Dil laija sohniye ve tere naal  
Fadd ke baahan ch jaana tere naal  
Tere bina hoya mera bura haal

Aundiyan aundiyan ve teri yaad  
Ladgayian mere naal naa tu jaa

You number one  
Baby don't play no games  
You got me scram  
Calling out your name
