

Ranjhna ve... Ishqeda rang chadhiya ve.

Mitthdey rog di tuhinyon dava ve

Ji huzoori sada teri haan.

Those who i met up in the past
Become a flash
When the futures taking pictures without
Permission to ask
Where to ash
When ya life is a bucket of broken glass
And the hope is that you'll make it
To the bottom of the flask
I met a lonely soul
How cuz she told me so
Who could be that open door
To let me in and see their gold
When they come for my water and land
I become the father protecting land and sand

Ranjhna ve... Tuhinyon meri hoand maahiya
Ranjhna ve... Tuhinyon meri hoand maahiya
Sang tere sajna jude mere saah ve.

Its a gimmick and you live it
Like a winner try na win it
I'm an image that is given you a mirror take a minute
And reflect, all the stress
That you accumulate
Now compress
The depth of ya tense and
Foolish fate
Who to hate
A question that the rulers
Break strategically
And choose the place of every
Immigrant today
There comes a time and place to speak the truth
My brain carries no concept of either so tell me what do i do.

Kha a llaba
Ehtefel al hayat
Ehtefel al hayat

Hayat jameelan
Hayat mlouwan
Hayat jaleelan

Ranjhna ve... Ishqeda rabb maniya ve.
