

Habit Song Lyrics

The way you walk to me
The way you talk to me
Loving all that you do
Loving all that you do
You understand i ride for you
Cos you're the man
I hear melody play
In every word you say

I love when you
Move like you're dancing
I love when you
Move like you're dancing
You turn me on
Like my favourite song
Oh i gotta get alone with you

I love when you
Move like you're dancing
I love when you
Move like you're dancing
You turn me on
Like my favourite song
Oh i gotta get alone with you

You're my habit and im running out
Cos you keep me holding on
You're my habit and im running out
Cos you keep me holding on
You're my habit and im running out
Cos you keep me holding on
You're my habit and im running out
Cos you keep me holding on

Tenu dawan 20 karat karat
Rahange door duniya to lavish
Das kerha tenu chahida ae fabric

Ginna na ere utte jerha cash spent
Mainu bas kaddi kari na tu past tense

Par ajj raati jau tera hokey
Baar baar e milney ni maukey
