

Half a heart,
An empty soul,
An empty room,
Bharatlyrics.com
No where to go,

Teary eyes,
A broken smile,
Our minds collide,
Do we have time,

It's a lonely world,
But if i stay,
I'll probably break break break,
I'll break,

Here we lie,
Fingers intertwined,
Your eyes,
They shine so bright,

Terrified,
We run and hide,
And all that's left,
Is burned desire,

Its a lonely world,
But if i stay,
I'll probably break break break,
I'll break,

Keep in mind it doesn't matter,
Distant memories,
Tell myself it's over,
Stop living in misery,

But your presence lingers,
Lost myself i'm sorry,
And now that you're gone,
I don't know how to be,

lyrics

Say that you're sorry,
Say that you're mine,
Or let me be so,
I can leave you behind..behind,

Its a lonely world,
But if i stay,
I'll probably break break break,
I'll break,

Break..
