

Follow your heart, follow your heart
Follow your heart, follow follow your heart
Follow your heart, follow your heart
Follow your heart, follow follow your heart
Follow your heart, follow your heart
Follow your heart, follow follow your heart
Follow your heart, follow your heart
Follow your heart, follow follow your heart

Ishq mein khushi mile, ishq mein ghum mile,
Chalate rehna iss raste
Follow your heart, follow your heart
Follow your heart, follow follow your heart
Ishq mein khushi mile, ishq mein ghum mile,
Chalate rehna iss raste
Ishq mein khushi mile, ishq mein ghum mile,
Chalate rehna iss raste

Hastey hastey, hastey hastey,
Hastey hastey, hastey hastey

Follow your heart, follow your heart
Follow your heart, follow follow your heart
Follow your heart, follow your heart
Follow your heart, follow follow your heart
Ha ishq mein khushi mile ishq mein
Ghum mile chalate rehna iss raste
Ha ishq mein khushi mile ishq mein
Ghum mile chalate rehna iss raste
Hastey hastey, hastey hastey,
Hastey hastey, hastey hastey

Nigaho ke baya mein, khayalo ke
Jaha mein ho ek hasin chaahat ka ghar
Koyi bhi manjil ho, koyi bhi mehfil ho,
Hum saath ho sham o seher
Ek duje pe marate rahe, hum aashiqi karate rahe
Hastey hastey, hastey hastey,
Hastey hastey, hastey hastey
Follow your heart, follow your heart
Follow your heart, follow follow your heart

Follow your heart, follow your heart
Follow your heart, follow follow your heart

Tera hi charcha hai, teri hi baatein hain,
Abb na khabar din raat ki
Main teri baahin mein, tu meri raahon mein,
Abb hai fikar kis baat ki
Duniya ka hai na koyi darr,
Kat jaayega apna safar
Hastey hastey, hastey hastey,
Hastey hastey, hastey hastey
Follow your heart, follow your heart
Follow your heart, follow follow your heart
Follow your heart, follow your heart
Follow your heart, follow follow your heart
Ishq mein khushi mile, ishq mein ghum mile,
Chalate rehna iss raste
Ha ishq mein khushi mile ishq mein
Ghum mile chalate rehna iss raste
Hastey hastey, hastey hastey,
Hastey hastey, hastey hastey.
