

Hayakki Baby Song Lyrics

Irul soozum neramidhu
Athanulle vidai theerum varai
Neethaan pirai
mudintha piragum thodarum
Theeraa kadhai

Hop up in this club with some
Models models
Sittin vip poppin
Bottles bottles
We aint slowin down
We full throttle
We just do it big homle
We just so colossal
You just break it now
Baby girl you knbow to work it
Bounce it to the sides and i love the way you
Twerk it shake it nu
Break it exoyic like teriyaki
Spin it disc jockey
Im dancin with this hayakki

Hey hayakki hayakki macham macham padi
Enna mayakki mayakki micham meethi pudi

Hey hayakki hayakki macham macham padi
Enna mayakki mayakki micham meethi pudi

Pon vilakkirukku nee urasidavaa
Boodham veliyera
en madippugalai Nee alasida vaa
pudhaiyal karaiyera

I love it the way you shake it around
Girl you make me psycho
Keep what you doin dont ever stop
Babe you make my mind blow
Cant get you out of my mind

Cant cant get you out
When th night is done let me take control

Inni inni hayakki
Inni inni hayakki

Hey hayakki hayakki macham macham padi
Enna mayakki mayakki micham meethi pudi
Hey hayakki hayakki macham macham padi
Enna mayakki mayakki micham meethi pudi

Hayaki on the floor
Bharatlyrics.com
Yalla yalla
Inni inni hayakki valla habibi
Valla habibi valla habibi
Inni inni hayakki

Oh en madiyinil manmadhanum vizhunthiruppar
En vizhiyinil indhiranum pudhainthirupaan
En idhayathi kavasthai parithida
Vilaipesa valaiveesa thullum ooridhu

Karchilai ena enaai vadithaale
Brahmmanum unnai konji anaippane
Oviyamene ennai varainthaale
Picaso pirappaan un kaalil vizhuvaan

Hayakki baby hayakki baby
En azhagirkku adimaigal latcham latchame
Hayakki baby hayakki baby
En iravukkui pudhumaigal ekkachakkam

Seena pottutta sillaraiya kottitta
Muttu santhula traina ottittaa
Plana pottuttaa thanniyathaa Kaattittaa
vachu senjuttaa
Inni inni hayakki
Oh yeah

Hayakki hayakki macham macham padi

Enna mayakki mayakki micham meethi pudi
Hayakki hayakki macham macham padi
Enna mayakki mayakki micham meethi pudi
Yalla yalla
Habibi
Inni inni hayakki.
