

Heaven Lyrics

Road te zameen kalley tyre thodi aa
Safar ne lamme kalli sair thodi aa
Sab possible babey de bagair thodi aa
Jatt surgaan ch saara kalley pair thodi aa

Ni fire arm ch foka fair thodi aa
Mehnge jatt sasta attire thodi aa
Nirbhao nirvair kite vair thodi aa
Jatt surgaan ch saara kalley pair thodi aa
Jatt surgaan ch saara kalley pair thodi aa
O jatt surgaan ch saara kalley pair thodi aa

Dubai aangu naam ne developer rakhe
Dry area ch maal melt chake
Sadak te tank wangu roll kardi
Datt saadi saade hatho hi self chake

Saade jathe bina kite jaal pail thodi aa
Asi gediya maaiya ni mazael thodi aa
Dil badde ya dilaan ch koi nail thodi aa
Bharatlyrics.com
Jatt surgaan ch saara kalley pair thodi aa

Eh mitran da pind tera shehar thodi aa
Cha saadi dudd to bagair thodi aa
Maada motta mithha te jair thodi aa
Jatt surgaan ch saara kalley pair thodi aa
Jatt surgaan ch saara kalley pair thodi aa
O jatt surgaan ch saara kalley pair thodi aa

Ho teri vi jawani pehle buk lagdi
Ehve ta ni goddeya na gutt lagdi
Je tu kare sooraj vi kare hi hunda
Jidde baareya me changi dhup lagdi

Suit jaan le vaaviya akla kair thodi aa
Jattan de dilana tera vair thodi aa
Ehni sohani nu vi dekhna koi khair thodi aa

Jatt surgaan ch saara kalley pair thodi aa

Tenu binde binde bindi di require thodi aa
Ni mor paunde tere jehi pail thodi aa
Tenu fool kyon banawa per air thodi aa
Jatt surgaan ch saara kalley pair thodi aa
Jatt surgaan ch saara kalley pair thodi aa
O jatt surgaan ch saara kalley pair thodi aa

Ho seat uskai karan safar kude
Puchhna ki karan jake qatr kude
Onu mitran da pata uda mitran ni
Jide naal mitran di takkar kude

Ni o turde aa par tail tail thodi aa
Ood ta lende aa lengde teir thodi aa
Ni ae zindagi samundar koi nair thodi aa
Jatt surgaan ch saara kalley pair thodi aa

Munda siddhuan da hogya retire thodi aa
Hale opening move expire thodi aa
Kaptaan vi koi thunda jeha shair thodi aa
Jatt surgaan ch saara kalley pair thodi aa
Jatt surgaan ch saara kalley pair thodi aa
O jatt surgaan ch saara kalley pair thodi aa
