Appane muruga

Oh my kadavule i'm lit like a theruvilakku
Eppadinnu unmaiyaave theriyala mom
From therku to merku to vadakizhakku
Naan parakkura feeling like a pura in the clouds yeah

I don't need any vilakkam
Stop panna mudiyala running all around
Like an energized muyal enna otta pandhayam
It don't matter enna mani namba saththamellaam loud yeah

Ennai suthi pachchaikkili flying
Paesi ketka mudiyala thalaivali pounding uh
Pop a pill take a shot i'ma down it uh
Footprints at the top of the mountain

Erimalai pola romba hot namba flow whoa
Soodu kuraiyaadhu bro
All night long namba kannu don't close

Ullukkulla ullukkulla fulla
Blood suda suda oduthada
Nillunaalum sillunaalum no no no solli
Rocket pola parakkuthada

Ullukkulla ullukkulla fulla
Blood suda suda oduthada

Nillunaalum sillunaalum no no no solli
Rocket pola parakkuthada

Ahem ahem
Ippo naan enna solla vareenna

Erudhu erudhu erudhu
Oosi to the narambu pola energy erudhu uh
Kattai viral to uchchi mandai for real
Solratha konjam kelu 'cause i cannot hold it in

Solra vaarthai sollaadhatha solla un energy facts
Solla maatta senja seyal nee seyradhu ellame whack
Gotta turn it up several levels i cut to the chase
Suththuna moonjila moochu nikkira varaikkum we blast

Moonu to moonu mani varaikkum nee uthu paaru
Sutta sooriyan appunaa adukkuran cash
Ingayum angayum odura ottam we tear it up
Podura pottukku kodi nokkam we add it up

Enga kitta vachikkaadha en pasanga only bouncers
Nip in the bud at the start and destroy that audacity
Bottom to top when i'm flying i live in high capacity
Adipatta viralai pola kettadhu coming alive whoa

Ullukkulla ullukkulla fulla
Blood suda suda oduthada
Nillunaalum sillunaalum no no no solli
Rocket pola parakkuthada

Ullukkulla ullukkulla fulla
Blood suda suda oduthada
Nillunaalum sillunaalum no no no solli
Rocket pola parakkuthada
