

There's no one above it
We all need some loving
Some kissing and hugging
Like yeah, yeah, yeah, yeah

You can't live without it
Yeah I used to doubt it
But now that I've found it
Yeah, yeah, yeah, yeah

Your so beautiful tonight anything is possible
But you know I just can't get enough
Of your love.. so give it up

I got my eyes on you
Bring that back to me
Got my eyes on you
You know where I'm gonna be

Got my eyes on you
And I see you checking me
Got my eyes on you
Oh baby, And I like what I see

I don't know about you
But it ain't a crime

Everyone falls in love sometimes
I don't know about you
But it ain't a crime

Ho gal sun le ni reshmi garaare waliye
Buha band kar le chobaare waliye

Breakan maar maar tyre main cheekh kadh da
Saare loki takde ve ki ho gaya
Lagda ae ajj mera dil ruk gaya
Ohnu main puchda

Gaddi saadi behja
Door tainu leja ni
Woofer tu meri

All of the things that I think
When I look at you baby
