

I Can Get Hungry Lyrics

Aipoyindi anukunnava
Aithe ne porapate
Aachuke modalayyindi
Naa aate

O nenu oppukokunda varaku
Raadanta ne gelupu
Ee chaavanna bhayam odili
Ne kadililethe

Nene yuddhanni nene aayudanni
Etu telusukokunda nenu vadileyanu

Pothe poni poyenduku emundika
Mondi ghatamai nene theginchestha
Thalonchanka

Pothe poni poyenduku emundika
Mondi ghatamai nene theginchestha
Thalonchanka

Take me in when you breathe in
Cuz I'm in the air everywhere like a feeling
Never scare me with weeping
I'm chandelier where I break up a ceiling

Any year, any season I go out of the ground like a flower of a demon
I cause like a reason; it's a law of the jungle took a bite or get eaten

Little work is hard, so we found food
Tell a girl she can't she going to make it move
If it's gon' be war, all of us gon' lose
If it's you or me, then it's gon' be you

Yeah
I'm bringing words and jingles from far like a fire-ropping boat
And burn the city down just for something to do
A wounded woman is a weapon into every generation
Even after she just had to scream and shush

I don't usually break but I can get hungry
You can't tell from my face, but I can get hungry
I don't usually break but I can get hungry

You can't tell from my face, but I can get hungry

Pothe poni poyenduku emundika
Mondi ghatamai nene theginchestha
Thalonchanka

Yeah, I got many faces like a villain from Sri Lanka
You can run back to your bunker, tell 'em that I just came to conquer
Tell the story how you want it, every guy does it for a woman
I'm waiting on to get karma, but that is a pretty good color

Oh yeah
I don't usually break but I can get hungry
You can't tell from my face, but I can get hungry
I don't usually break but I can get hungry
You can't tell from my face, but I can get hungry
