

I am falling in love with a stranger
I am falling in love with a stranger
The night tonight has a flavour of love
I am falling in love with a stranger

Laa laa laa laa laa laa
Laa laa laa laa laa laa laa

Your touch is so tender
There is something to remember
Your touch is so tender
There is something to remember

I am falling in love with a stranger
I am falling in love with a stranger
The night tonight has a flavour of love
Oh i am falling in love with a stranger.
