

Imma love you like you're my main chick  
Baby, come up in the back of my spaceship  
Girl, you're bad, matter of fact you're dangerous  
So dangerous, So dangerous...

Cuz girl you looking like you're Instagram Famous  
Type of girl round back my favourite  
But, girl you know what I'm sayin'  
Know what I'm, Know, know what I'm sayin'  
You looking like you're Instagram Famous  
famous, famous  
Baby yo my VIP, yeaaaah..  
papers, papers  
Girl, you gotta be, gotta be famous

I swear I seen you on the front page  
front page  
Don't need no blue tick  
for that pretty face pretty face  
Cuz you about to be a star  
Got the 'gram on lock  
Yeah, they know who you are  
Bharatlyrics.com  
Get you on TV Cuz you need your own show  
Do you on a runway I'd be in the front row  
No pictures, with a smile so contagious  
Okay  
The way she look, damn, she be on the A-list

Supermodels jealous with the way she strut  
Out of 2 like a boss  
She don't really give a fu...  
I could do a double take in my head like damn  
Imma treat you like a queen  
It ain't only for the 'gram

I, I, Imma love like you're my main chick  
Baby, come up in the back of my spaceship  
Girl, you're bad  
matter of fact you're dangerous

So dangerous, So dangerous...

Cuz girl you looking like you're Instagram Famous  
Type of girl round back my favourite  
But, girl you know what I'm sayin'  
Know what I'm, Know, know what I'm sayin'  
You looking like you're Instagram Famous  
famous, famous  
Baby you my VIP, yeaaaah..  
papers, papers  
Girl, you gotta be, gotta be fame...

You are more than just a caption  
It ain't only for the 'gram  
Girl, you glowing like an actress  
If only you could understand  
That I'm your number 1 fan, girl!  
I gotta take a pic all angle  
Body so thick like a banner  
I wanna take you home to Atlanta

Cuz you got me on a mission  
To give you what you've been missin'  
Before we stuck at your feelings  
I gotta know what you're sippin' on, yeah, oh yeah

But she already know though  
She lookin' like a model  
Girl, let me take a photo photo  
She don't really need Versace  
So famous let me call up Paparazzi

Supermodels jealous with the way she strut  
Out of 2 like a boss  
She don't really give a fu...  
I could do a double take in my head like damn  
Imma treat you like a queen  
It ain't only for the 'gram

I, I, Imma love like you're my main chick  
Baby, come up in the back of my spaceship

Girl, you're bad  
Matter of fact you're dangerous  
So dangerous, So dangerous

Cuz girl you looking like you're Instagram Famous  
Type of girl round back my favourite  
But, girl you know what I'm sayin', know what I'm  
Know, know what I'm sayin'

You looking like you're Instagram Famous  
famous, famous  
You already know  
Baby yo my VIP, yeah, yeah  
papers, papers  
Girl, you gotta be, gotta be famous  
famous, famous  
You can come and ride with me, yeah  
Girl, you gotta be, gotta be famous

Gotta be famous!.
