

Been there from the start believing in me
Been there through the hard times grieving with me
Holding it down how its meant to be
Just you & i now the world can see
Miss independent she can do her own thing
Cook, clean plus she can handle her business
Heating it up, tearing it up
Got her screaming my name this is bossy love
Whatever she wanna do im gonna co-sign that
Whenever im on the grind she knows i'll be right back
Aint gotta say what she wants im gonna buy that
Keys to the phantom she can go drive that
She means everything to me
No other girl be in her league
I'll be her soldier for life
Fighting for her till the very last breath of me

Tere pyar mein, mein marjaoon
Teri yaad mein, mein lut jaoon
Tere naam pe vaari jaoon
Tu hi mera ishq hai

lyrics

Tere pyar mein, mein marjaoon
Teri yaad mein, mein lut jaoon
Tere naam pe vaari jaoon
Tu hi mera ishq hai

She's got a figure that them other chicks kill for
And when they hate she flaunts more to kill more
My chick bad yeh so raw
She's a queen why you think she's with a king for
Got these other chicks hollering
I see them tweeting i still aint following
When the bad boys roll she aint bothering
Coz im a good fella i bring the dollars in
We can book a flight to maldives
Rayban's on we be laying on a beach
Living that good life we be stress free
In room 112 eating peaches & cream
She means everything to me

No other girl be in her league
I'll be her soldier for life
Fighting for her till the very last breath of me

Tere pyar mein, mein marjaon
Teri yaad mein, mein lut jaoon
Tere naam pe vaari jaaon
Tu hi mera ishq hai

Tere pyar mein, mein marjaon
Teri yaad mein, mein lut jaoon
Tere naam pe vaari jaaon
Tu hi mera ishq hai

Forever we tight never be apart
I give you my word never leave a scar
Ishq hua
Thats the reason why your the
Only girl who's got my heart
You mean everything to me
No other girl be in your league
I'll be your soldier for life
Fighting for you till the very last...
