

Jazz Song Lyrics

Come break my heart
Better you than her
Tear me apart into pieces

How is it right
That she gets prize
When i m screaming out
Your name to the skies

Surrender your love
Surrender your love
You are mine to love
And i surrender

I just can't live without you

Don't leave me heri alone

Cuz i need you more than you know
Don't leave me wherever you go
I want to be close

Can't you see thant you'll be free
When you can let her go

How is it right
Thant she gets the prize
When i am scteaming out
Your name to the skies

Surrender your love
Surrender your love
Your love you are mine to love
And i surrender

I just can't live without you.
