

Kaathiru Song Lyrics

Thavichen na elachene
Unake naan usuraaven variyaa
Thudichen na tholanjene
Enakaga oru parva thariya

En thavippu theera
Porutham koodi varama
Nee kidacha

En nenappu pooraa
Neeruppu pola neethaandi
Kodicha

En usurukulla
Usuru illa ranamathan
Kedandhen

Un uruvam paatha
Peravu thaane usuroda
Thirenche

Kaathiru azhege
Kaathiru adiyee
Kaathiru azhege
Konjam kaathiru uyire

Vaazhum kalam unnodu
Neeyum vendum ennodu
Aasai konden naalum vaasal
Paarthene

Kartu veesum ippodhu
Kaadhal nejil thappadhu
Therindhey nagarndhaai yeno

Nee sollamal en kaalam
Engenyum pogadhe
Nee illamal en kaadhal
Endrum vaazhadhu

En nenjodu un thedal
Eppodhum oyaadhu
Ennaalum en swaasam
Unnai neengaadhu
