

Kaun hai woh kaun mujhe jisne jagaya  
Arey dharti pe yaar yamlok se bulaya  
Arey dharti pe yaar yamlok se bulaya  
Arey kau kaun hai  
Kaun hai woh kaun mujhe jisne jagaya  
Arey dharti pe yaar yamlok se bulaya  
Arey dharti pe yaar yamlok se bulaya  
Arey kau kaun hai

Yeh kangana yeh kjhunka  
Yeh chunri yeh kajara kyon  
Yeh mehendi yeh bindiya  
Yeh payal yeh gajra kyon  
Jante nahi kya mere sartaaj ko  
Thehro main bulati hu  
Abhi yamraj ko kaun hai  
Kaun hai woh kaun mujhe jisne jagaya  
Arey dharti pe yaar yamlok se bulaya  
Arey dharti pe yaar yamlok se bulaya  
Arey kau kaun hai

Yeh bhutna yeh baamna  
Kyon aaya maala japane  
Yeh bhutna yeh baamna  
Kyon aaya maala japane  
Kya samjhe yeh chhaliya

Dekhe devi ke sapanen  
Byaahi hui devi se  
Aankh jo lagayega  
Yahi baithe baithe woh  
Bhasam ho jaayega kaun hai  
Kaun hai woh kaun mujhe jisne jagaya  
Arey dharti pe yaar yamlok se bulaya  
Arey dharti pe yaar yamlok se bulaya  
Arey kau kaun hai

Bol maiyya bol jaldi se khol  
Bol maiyya bol jaldi se khol  
Jaldi se khol beimaano ki potli

Chhod de chhode de  
Din de maiyya chhod de  
Kanya kunwari ka  
Maaya jaal tod de

Yeh kanya kumari hai  
Deewan ki dulaari hai  
Yeh kanya kumari hai  
Deewan ki dulaari hai  
Ek hi bechari hai  
Chhod de chhod de  
Ek hi bechari hai  
Chhod de chhod de  
Chhod de chhode de  
Din de maiyya chhod de  
Chhod de chhode de  
Din de maiyya chhod de

Bol maiyya bol bol  
Maiyya bol bolgalla kaahe  
Bol bol hoke prasanna  
Kya khayegi charnon mein  
Tere aam kela amrud hai  
Peene ko maiyya  
Bhuri gaay ka dudh  
Bhul haai bhul hui  
Ho maiyya bhul hui  
Ho bhul hui bhul hui bhul hui  
Maiyya maansdhaari hai  
Phalwaale jaa kasaai ki baari hai  
Hatao kharbuja hatao tarbuja  
Arey jaldi se leke  
Aaon murgi ka chussa  
Arey murgi ka chalega  
Ya bakre ka maans  
Aadmi ka chalega  
Toh haazir hai daant  
Bali nahi chahiye  
Jo achhe insaan ki  
Toh charbi khilaaun

BHARAT  
lyrics

Kisi mote shaitaan ki  
Maiyya chhod ho bindu  
Chhod maaya jaal tod  
Maiyya bhaag.
