

Kendadokuli Gandaana Lyrics

Ughe mahathmalaya ughe
Hattarugavada ettarugavda
Sutta hanneredu gavada
Aane tale dimbinda haari

Sthala olledu jaaga olledu anta heli
Yeppatthelu male kailasadalli
Odedu moodiruvantha muddu madappana
Paadakke ughe yenni ughe

Aanumale aaskondu jenumale hothkondu
Mikkohog myagmale mele marthu malagirovantha
Muddulu mukhada muddu madappana
Padakke ondsari ughe yenni

Ughe mahathmalaya
Ughe mahathmalaya
Ughe mahathmalaya
Ughe mahathmalaya

We have had our both hands in a prayer
For your arrival when we almost gave up
Burning fire in your eyes a rager
Witnessing your fury come alive deva

Rejoice in your fury, sky has turned red
We celebrating your ruthless conquest
Give them no rest, evil's no match to your best
Catapult devils fly off of the edge

Shower flowers, unleash your power
We bow down to our fierce deity savior
You're at the helm, protector of realms
Vanquish the evil eternally

Deva deva deva deva deva
Deva deva deva deva deva

Kenda andare kuniyutha banda kandariyo dundu maadevana
Kendadokuli gandaana kandariyo dundu maadevana
