

# Khelta Ja Song Lyrics

---

Pohanche yahan  
Hum har taraf  
Hil tou sahi  
Chupta kidher  
You know my name not my story  
I aim for the win battleground thats my glory

Koi nahi  
Jisse darun  
We in the zone now  
Waqt se ladun  
Walking thru im raining bullets  
Finger always on the trigger i just pull it

Duniya ko bhool ke khelta ja, khelta ja  
Khel se mushkile jhelta ja, jhelta ja  
Tere aasre main gir pada hoon  
Sab bhool ke yun phir kharha hoon  
Dushman se dar nahi  
Main teri khaatir bhid pada hoon  
When i see no help just surrounded by fire  
Bruised up still bleeding little tired  
As i look for some hope of survival  
My team falling from the sky revival  
Winner winner chicken dinner

We tryna 'be the one'  
Aur tum saare yahan beginners  
Scope jab lagata baaki teams karte shiver  
Bharatlyrics.com  
Mvp wala scene bro

Boys tere filler  
Pochinki mein bethe like we freakin run it  
Revive bhi main deta kills/wins bhi one hunnid  
Camp nai main karta noob wala scene nai  
Uppar se hain aate boys karte hum kneel nai  
Medical kit bhi team meri lit bhi

Ghuss ke phatt jata phir hota kuch knit nai  
Hote hum split nai ye koi gimmick nai  
Pubg mobile hai ye beta koi skit nai  
Enemies ahead aur bag mera loaded  
Awm mere hath mein you can't even afford it

Ye kehte karte waste hain hum time  
We just married to the game  
Apni baat pe hain qaaim  
Samajh na sakay kuch logon ke hum plan  
Tu kar kuch alag toh saale kardete hain ban

Duniya ko bhool ke khelta ja..khelta ja..  
Khel se mushkile jhelta ja..jhelta ja..

Tere aasre main gir pada hoon  
Sab bhool ke youn phir khada hoon  
Dushman se dar nahi  
Main teri khaatir bhirh pada hoon  
When i see no help just surrounded by fire  
Bruised up still bleeding little tired  
As i look up for some hope of survival  
My team falling from the sky revival.
