

# King Of The Crowd Song Lyrics

---

He is a master or a servant  
Or the king of the crowd  
Its not easy though crush  
Leader of the pack

Sincere though divius  
His soul so brave and pure

Does he obey  
Does he vilate

One shall never know

Dodging the duties  
Don't go well with him  
King of the crowd  
Leader of the pack

Guns shots fires  
And the country his mother  
And now like him no other  
He is never never never  
Gonna tierd

BHARAT  
lyrics

Law oppresses tricks the crowd  
But the rich are free from it all  
For him it is equality his nation above it all

He is not just a rebel  
But son of the land  
Playing with fire  
Who is the slick?

Dodging the duties  
Don't go well with him  
He is king of the crowd  
He is leader of the pack.
