

I want to fly
With you tonite
Let me enjou
This moment
Kites in the sky
Soaring together
Lover forever
Forever is a lie
Who

Holds the twine in his hands
What has destiny planned
Will the heart understand
Kites in the sky
Soaring together
Lover forever
Forever is a lie
This love
Is killing me

I want to fly
With you tonite
Let me enjoy
This moment

Kites in the sky
Lover forever.
