

Kya jeena, kya marna, tere bina hai, sab gunah karna  
Gunah karna, har lamha, har lamha, hai tanha tanha  
Har ik lamhe ko, bas tabah karna, tabah karna  
Kya jeena kya jeena, kya marna kya marna, tere bina hai tere bina hai, sab gunah  
karna  
Sab gunah karna  
Har lamha, har lamha, hai tanha tanha hai tanha tanha  
Har ik lamhe ko har ik lamhe ko, bas tabah karna bas tabah karna, tabah karna  
Kya jeena, kya jeena

Tanhaiyon se keh do mere paas na aaye  
Veeraniyon se keh do kahin aur hi jaaye  
Dil mein nahin hai mere koi ghum ke liye jaga  
Har sutra junoon hi khushiyon ki bana wajah  
Doori se doori si, doori se ab kya darna  
Yaadon se teri hai ab nibah karna, nibah karna  
Kya jeena, kya jeena

Deewangi ki sarhad ab todh denge hum  
Tere junoon mein duniya ab chodh denge hum  
Behte hue lahu mein mehfooz hai bas tu  
Tera karoon main sajda bas tuhi aarzoo  
Ishq hai, ishq hai, ishq hai parwah karna  
Ik doosre mein bas jiya karna, jiya karna

Kya jeena, kya jeena

Teri kashish ne mujhko haan bekhud bana diya  
Jeena hua tha doobar par tune jila diya  
Armaan hue hain bhaagi haan bhaagi hua hoon main  
Sab kuch tera hua hai haan tera hua hoon main  
Khwaish hai, khwaish hai, khwaish hai sang sang rehna  
Rooh mein teri bas fanaa hona, fanaa hona  
Kya jeena, kya marna, tere bina hai, tere bina hai, sab gunah karna, sab gunah  
karna  
Har lamha har lamha, har lamha, hai tanha tanha  
Har ik lamhe ko, bas tabah karna, tabah karna  
Kya jeena, kya jeena.
