

Do you believe in magic
Would you believe in miracles
A woman i know shes go the power
Shes so magical
She told me i fly like an eagle
She told me i roar like a tiger
With a wave of her
Hand she cast a spell
And i, i'm flying higher

Lady lady magic
Please me please dont tease me
Magic magic lady
You drive, drive me crazy

She blew in my life
Like a summer breeze
And built my world with emotion
She promises things
I wanna believe
And i, i'm in confusion

Lady, lady magic

Please me please dont tease me
Magic magic lady
You drive, drive me crazy
Shes like an angel
Shes like a devil
Shes got the fire burning in desire
She takes me higher

She worships my soul like an angel
And makes love to me like a devil
She'd do anything to possess me
Shes a rebel

Lady, lady magic
Please me please dont tease me
Magic magic lady
You drive, drive me crazy.
