Oh tyran thale aa ke kutte aam marde
Taran utte bijli na marde aa kaan
Virle ee mawan jamdiyan soorme
Jaan picho jina de jeonde rehnde naam

Ona hi samaadhan utte mele lagde
Jina diyan jeonde gi na dhauna jhukiyan
Jo kar gaye gadaari ya midaan shad gaye
Madi ona di te loki maarde ne juttiyan

Jado hou mairwana hauke bharuga jamana
Lokin saambe naye oh jane hone kath shamshana

Iko cheez aa kamayi ni main yaaran da yaarana

Oh vi ron ge jina na mere vair hongee
Jatt jado siweyan di shaan baneya

Ik tu do ke yaar jehde kar de pyar
Baki duniya tan chaundi mainu moya vekhna

Kuj chaunde ne slaakhan pishe hoye vekhna

Chukki firde ne hathan vich hathkadiyan
Do pal vi je ji gaya main end kar ju
Main naye chaunda koi hazar ya phir lakh ghadiyan

Jhund gidran da jado chahe aa sakda

Ik wari bapu uth ke si beh gaya
Mere khabbe mode naal laya ser os ne
Te dam todan toh pehlan kuj gallan keh gaya
Soormeyan waangu putt rehna jag te
Bujdil dharti te bhaar aa hunda
Marn toh jehda banda darda nayi
Putt darda ode th sansaar aa hunda

Ankhan de kade nai bazar lagde
Zurtan na vikdiyan sailan vich ni
Howe na daleri download nett toh
Te zigre na aunde emailan vich ni

Oh yaran pushe marn da khaab rakheya
Isqh yaaran layi behissab rakheya
Jhooth samji je kahan tenu i love you
Kyu ki dil vich ikala main punjab rakhya

Je yaar de chule de vich agg na bali
Tawe sade te vi fulke phir jehar hon ge
