

Liar liar pants on fire
Liar liar pants on fire
Liar liar pants on fire
Liar liar pants on fire
Liar liar pants on fire
Liar liar pants on fire
Liar liar pants on fire
Liar liar pants on fire

You told me that
The world is a beautiful place
That was the biggest lie
I was told on my face
So now i wanna go back
From where i came

Liar liar
Pants on fire

Liar liar
Pants on fire
You told me that
The skies were all blue
You told me that
The trees were all green
Thats why you showed me
From far away

Liar liar
Pants on fire
Liar liar
Pants on fire

Now i know that
Its not true
I wanna go back
From where i came
Ill scream
At the top of my voice

Liar liar pants on fire

Liar liar pants on fire
Liar liar pants on fire
Liar liar pants on fire

You told me that
Your people love people
I found it fake
And nothing is real
God knows whos gonna

If this is what
We learn in our schools
And only grow up
To be bigger fools
Then i dont wanna

lyrics

Liar liar
Pants on fire
Liar liar
Pants on fire

Now i know that
Its not true
I wanna go back
From where i came
Ill scream
At the top of my voice

I might just have to run
Before i can even
Crawl
Since no one seems to be
Doing anything

At all

Since no one seems to be
Doing anything
At all

You lied to me
You are a cheater
Thats what you are

You lied to me
You are a cheater
Thats what you are

You lied to me
You are a cheater
Thats what you are

You lied to me
You are a cheater
Thats what you are

Liar liar
Pants on fire
Liar liar
Pants on fire

Pants on fire..
