

Lonely Song Lyrics

Lookin' at my rear view mirror
Think how i'm gone
Thought you would've caught up on
But now i feel it inside
I can't give bitches no more time
Live your own lie
I let myself in
She take me right in
On my own grind
Mamma said don't fold now
Everybody poppin' to my songs
I'm just gone now yeah

These niggas be talking a lot
They saying i'm better i know it yea
Wrist on way below ya
I got too many hoes ya
Inspire all these flows
All these wannabes annoying ya
Take me to the floor ya
Encourage me to blow it ya

Oh why all my life i been alone
Take one pill to
Take my mind off being wrong
There's too many bad decision
Round me in my zone
Can't be caught up w the deuces
'cause i'll be in until the morn

All these lonely faces
All these broken hearts
All these people round me
They don't see this far

Lookin' at my rear view mirror
Think how i'm gone
Thought you would've caught up on

Tu boli thi chhod ke nahi jayegi
Mauka jab hoga tab haq se nibhayegi
Fatt se bhgayegi aisa nahi socha tha

Akela pan mehsoos hota tab rota tha
Pyaar pe mukhauta tha
Jo hua hona tha kande pe sona tha
Meri maddona tha
Tu nahi milti toh marijuana tha
Jo khush karta tha gam ko chhupata tha
Kyun toh chhupana tha
Dunia ke samne nahi lana tha
Tujhse milne ko mein bahana banata
Galti meri bhi thi chhodi maine nahi thi
Thodi moody hai tu lekin itni kaisi badlegi
Faisle jaldi tu teri meri nahi banti kyun
Tu uske sath par dil mera tera pass
Itni si baat hai kya samjhi tu

Tere mere favourite gaane
Sunrela hu gaadi mein
Yaadon ko mitane har shaam
Kar rela hu party mein

Tere mere favourite gaane
Sunrela hu gaadi mein
Yaadon ko mitane har shaam
Karrela hu party mein

Kyu toh khoya hu main

Na main janu na
Saare puche mujhse
Wo ab hai kahan?

Lookin' at my rear view mirror
Think how i'm gone
Thought you would've caught up on
But now i feel it inside
I can't give bitches no more time
Live your own lie
I let myself in
She take me right in
On my own grind
Mamma said don't fold now
Everybody poppin' to my songs
I'm just gone now yeah.
