

Loser Lyrics

Loser loser
Now a loser repu ceaser
Arey sahajame ups and downs
Oh hater time matters
Adhi modhalika no more sounds

Sahanam nee raasi urban sanyasi
Murise ninnu chusi never give up policy

Padathavani bhayapadave
Padinaa nilabadathave
Theleene theleadhe thalonchadame

Lokam ninne loose-anna never give up
Kalam kalisi rakunna never give up
God-ae vachi stop-anna never give up
Mighty society now you can say my name

Loser loser
Now a loser repu ceaser
Arey sahajame ups and downs
Oh hater time matters
Adhi modhalika no more sounds

Yeah he's just a loser
But he gon' get it right
When it all goes down
You know he gon' be the right man

The man's got a plan
And so just take command
No you don't understand
No you can't ever handle it

My love's a gambler
My plan disaster
He don't move fast but the money move faster
Cause it is ain't gon' hit the grand master

Lots of failures vasthe raani venakadugeyyanule
One day loney vache gelupe manakadhi akkarle

Ne vodina thala dhinchukone
Fate-ne thaladannuthane
Success-tho andari norlu muyichestha babe

Padathavani bhayapadave
Padinaa nilabadathave
Theleene theleadhe thalonchadame

Invest antha lose aina never give up
Locker motham loot aina never give up
Neeke nuvve bharuvaina never give up
Haters hey traitors now you can say my name
Loser

Maybe i'm king could be anything
Maybe i'm boxer waiting for a ring
Maybe i'm a gangster gonna do my thing
All i want is gambling

Maybe i'm a fool baby don't you school
Naa dhaare naadhanta naa dare-ae naaku fuel
Naa game naadhe ledhe naaku rule
Calling me a loser came out a fighter

It's my life it's my rules
You gonna get my shoes
Naa gola naadhe naa gole-u naadhe
Bharatlyrics.com
Pettoddhu boss-u nuvvu naaku rules-u

Padathavani bhayapadave
Padinaa nilabadathave
Theleene theleadhe thalonchadame

Kaalam kalisi rakunna never give up
God-ae vachi stop-anna never give up
Mighty society now you can say my name
Tell me who are we we're losers

Tell me who are we we're losers
Do we care for it no no no
Tapped one two three
Loser
