

Don't think i don't know what you doin',
Playing with my mind like a video game,
When you goin' like a movie,
You got me doin' things i'd never do,

I can't believe how you did that,
Bharatlyrics.com
Pulling me in like we about to go,
Caught me offtrack when you're with me,
You got me feeling some kinda way,

With your love controller,
You gotta hope i let you go,
Cause baby when we're together,
You makin' me feel some kinda way,

Kinda way,
Baby whine for me,
Whine for me,
Some kind of way,
Whine for me,
Baby whine for me,

lyrics

You got me feeling some kind of way,
Some typa of way girl,
Some typa of way girl,
Some kinda way girl,
Some typa way girl,

Listen! Now you got me running,
Running through the emotions,
Taking your time,
You don't make no mistakes,
Love runs deeper than the ocean,
I was doing just fine till you come my way,

I can't believe how you did that,
Pulling me in like we about to go,
Caught me offtrack when you're with me,
You got me feeling some kinda way,

With your love controller,
You gotta hope i let you go,
Cause baby when we're together,
You makin' me feel some kinda way,

Kinda way,
Baby whine for me,
Whine for me,
Some kind of way,
Whine for me,
Baby whine for me,

You got me feeling some kind of way,
Some typa of way girl,
Some typa of way girl,
Some kinda way girl,
Some typa way girl.
