

Your love is everything
For family we can do anything
Respect,trust, honesty
My family is my destiny
These are the keys to happiness
Love u family
Love
Love u family

We always try to rise
When we need to fly
Together, forever and stronger always
Together, forever and stronger always
Our greatest gift is my family
Love u family
Love u family

We are our family strength
Everyone is like a friend
Charming, enduring, delighted always
Charming, enduring, delighted always
Our greatest gift is my family
Love u family
Love u family

Your love is everything
For family we can do anything
Respect,trust, honesty
