

# Maadeva Song Lyrics

---

Oh.. Empty now  
We're flying down the peak  
Spinning drifting away  
Away from me

Tear the shade off the sunlight maadeva  
Put the moon on to speed-dial maadeva  
Pick the axe when you got the choice maadeva  
Cut the tree when the fruit is ripe maadeva

Are you feeling the wind say maadeva  
Are you running away say maadeva

You hands tied too tight  
Wild and burning  
Just make the pain stop

Now i know why  
You stop and you listen maadeva  
Your angels are crying maadeva  
These people are wicked maadeva  
Bharatlyrics.com  
They chop you to pieces maadeva

Maadeva maadeva maadeva maadeva

Maklu jopaaana ....

I am the trouble that  
Bubble inside your brain  
I am the hustle that  
Make you push past the pain  
I am the evil that break  
the peace of people  
The freedom that you be  
Feeling after temptation defeat you  
Either be or be killed,  
That's the law if the jungle  
Keep them eyes wide open,

Can't sleep when they hunt you  
I do what i must do  
Keep my spirit alive  
Fight with teeth and claw daily,  
Hope my sprit survive

Feel like a goddamn king now  
Feel like a goddamn king now  
Feel like a goddamn king now  
Feel like a goddamn king now

Gully, gully  
Burning up the gully  
Bringing up the gully  
Bringing out the fire in my body  
Need my ali ali

Ali,ali, ali,ali  
Comin up with magic  
Cause in need my  
Ali ali

Ahaa  
I got you running back the other way  
Dagaa  
It dosen't matter what the others say  
Sazaa  
Won't see the light of another day  
Now i know why  
You stop and you listen maadeva  
You angels are crying maadeva  
These people are wicked maadeva  
They chop you to pieces maadeva

You stop and you listen maadeva  
You angels are crying maadeva  
These people are wicked maadeva  
They chop you to pieces

Maadeva  
I'm no stranger to the tough times maadeva
