---

Oru naadidhu endraalum  
Pala naadugalin koodu  
Sirupanmaigal illamal  
Perumbanmaigal ingedhu

Nadhi neeradhu nilladhu  
Anaiyo thadai solladhu  
Madha megangal ingedhu  
Podhuvaanadhu nam naadu

Jananaayagam illadhu  
Nam thaayagam velladhu  
Iru naanayathin pakkam  
Aranaaga mozhi nikkum

Athei hindu muslim christ u  
Namma poorvakudi first u  
Ada vandhadhamma twist u  
Namma sandhadhikae stress u

Nee veraai naanum veraai

Yaaraaro aandu kolla  
Veeraadhi veeram solla

Agayam yerum kaalam  
Aanaalum oorin oaram  
Yeraalam kodi pergai  
Seraamal vaazhum kolam

Madhamaaya vittadhan  
Samiudhayam munnerum  
Adaiyaalam paakama  
Ellam onnavom

Sirupanmai illaama  
Perumbaanmai vaazhadhu  
Sama needhi thandhalae  
Sanda varadhu
