

Tanha tanha yun phira  
Apno mein reh kar akele  
Aisa gira na uth saka  
Main chala  
Main chala main chala  
Main chala aaaaaaa  
Main chala  
Main chala main chala  
Main chala aaaaaaaaa

Lamha lamha ghutan hai  
Aankhe bin tere nam hai  
Mere jalte jahan mein  
Bas yehi ek gum hai

Dil ki viraniyan  
Dhundhe tujhe  
Raahon ke fasle kyun badh gaye

Kaise yeh zindagi jo hum jeeye  
Isne aasun aur gum diye

Main chala

Main chala  
Main chala main chala  
Main chala aaaaaaaaa

Ankahi yeh kahani  
Bin kahe hai sunani  
Lab pe khamoshiyan hai  
Aashko mein hai rawani  
Saanson ke silsile  
Thamne lage  
Labzon ke shabd yeh bujhne lage  
Lamho ki aag mein kuch yun jala

Mein aap se hi kho gaya

Main chala  
Main chala main chala  
Main chala aaaaaaa  
Main chala  
Main chala main chala  
Main chala aaaaaaaa.
