

Make Way For The King Lyrics

Ye ye ye ye
Make way for the king
Make way for the king

Ye
Ovvvoru adiyum inga idi thaanda
Ivan oruthanap paakkave thudi thaanda
Pagaivan kannula bayatha Ivan vidhaippaan
Singaththu melaiyae seeri Ivan kudhippaan

Raaka raaka raaka
Raaka raaka raaka

I make the ground move when I strike
I make the typhoon when I fight
You dont have a clue when I bite

I make the right move with the right tool
Chronograph wont think you can cut
Everybody scared of what I got

I am the men in the middle of the plot
I am the bullet thats coming for the shot

Make way for the king
Make way for the king

Make way for the king
Let me breathe

I bled for the throne
This is where you should be

Make way for the king
Every dog we kick
I took it I claimed it
I make the ground move under me

Make way for the king

Make way for the king
Raaka raaka raaka
