

Mamma will you men my way  
Mamma its the end of the day

Mamma when the bend down  
Mamma am i still your son  
Will you open ur eyes and see  
Will you simply focus and let me be

I learn to walk i learn to fall  
I was up against the fire wall  
Memories of the day still hold sweet  
There was simple no other way

Mamma will you men my way  
Mamma its the end of the day

How i wish i have my wings  
To fly aways from days  
Mamma will you let me fly  
Mamma will you let me fly  
Mamma dear please don't cry

Mamma i still be your son  
Mamma when the bend down  
Will you open ur eyes and see
