

Mayile Lyrics

For my people in the back
For my people in the front
For my people on the left
For my people on the right
For my people

For my people in the back
For my people in the front
For my people on the left
For my people on the right
For my people

Ini ellam kadakkum mayile
Un dhairiyam meerattum mayile
Nallaa manam vittu siruchiko mayile
Life bayamilla bayamilla smile-eh

For my people in the back
For my people in the front
For my people on the left
For my people on the right

For my people on the feet
For my people on the street
For my people on the beat
For my people in the heat

Ini ellam kadakkum mayile
Un dhairiyam meerattum mayile
Nallaa manam vittu siruchiko mayile
Life bayamilla bayamilla smile-le

Asaraadhadaa un mayile
Un santhosam un style-eh
O mayile mayile mayile
Ada ennaanaalum smile-eh
In santhosam un style-eh

O mayile un mayile

En mayile mayile mayile
O mayile mayile mayile mayile mayile
O mayile mayile mayile mayile mayile

You gonna find the people beside
Who are willing and waiting to see you smile
Kicking the troubles of past behind
Keep looking for happiness deep inside

Everybody's building a story
Staying happy is the key to glory
Try to live in the moment slowly
Living the life cool and happy

Oh riyara riyara riyara riyara
Riyra riyra riy riy riy

Oh riyara riyara riyara riyara
Riyra riyra riy riy riy

Ini ellam kadakkum mayile
Un dhairiyam meerattum mayile

Started from the bottom
Now we stepping to the top
And won't even understand
How we pull this style
Thinking in the mind of a winner
As we try to keep the smile

Started from the bottom
Now we stepping to the top
And won't even understand
How we pull this style
Thinking in the mind of a winner
As we try to keep the smile

The sudden wave of happiness
Is nothing less than wondrous
It only brings the cheerfulness
I'm dancing cause i'm marvelous

Everybody feel the pulse
And you should stand up for yourself
No worries you feel limitless
That way you feel effortless
I got something to spread the laughter

O mayile mayile mayile mayile mayile
O mayile mayile mayile mayile mayile

For my people hahahaha
