

Me you and everyone we knew
For our dreams would
Never come true
But they don't
See the things i fo
Plain and black
And white and grey
They see that
You are an illusion
Like the sunshine in the rain
Like the water in the desert
I'll take away your pain
Love you more than i can say
Love you each and everyday
But you will never love me
And i know you will never stay
But i wanna tell you baby
This time i am gonna be sure
I am coming back for more

BHARAT
lyrics

Yours and mine
Everyone of this time
Me and you till
The end of time
And like my eyes with
The shades a like
And paint me black
And white and grey
They say that you are movin on
I have got to face
The truth someday
But i hope that you feel our song
And so now sometimes i pray
I love you more than i can say
Love you more than yesterday
But you will never love me
And i know you will never stay
But i wanna tell you baby
This time i am gonna be sure
I am coming back for more

Love you more than i can say
I love you more than i can say
I think i'll love you anyway
I wanna tell you baby
